## MEDIA RELEASE

Tuesday 14 June 2005 for immediate release

### Toll Transitions and Defence partner for another term

Toll Transitions, a business with the Toll Holdings group, has been successful in renewing Australia's largest removals management contract, with the Department of Defence.

The contract is valid for up to five years and worth in excess of A\$100million per year. Each year approximately 22,000 Defence personnel relocate domestically within Australia and 1,000 internationally.

Toll Group Managing Director Paul Little said 'we are proud to support Defence personnel on the move and we look forward to continuing our long association.'

Toll Transitions General Manager Helen Newell attributed a strong commercial focus, the development of world-class technology, service innovation and a deep appreciation of issues surrounding relocation to the successful bid. Ms Newell commented 'our intimate knowledge of Defence and their people, coupled with our purpose built management systems ensures Defence receive the best value for money removals management service available.'

The Department of Defence is one of Toll's top five largest clients. Toll provide Defence with a broad range of transport and relocation management services, including the Defence Integrated Distribution Services (DIDS) contract through its 50% joint venture, TenixToll Defence Logistics Pty Ltd (TTDL).
