

Downloading and installing the SDX Switch software

The SDX Switch Client integrates seamlessly with Microsoft Outlook for easy-to-use email encryption. All SDX Switch software is free to download and is compatible with Windows Vista/7/8/10 and Outlook 2007/2010/2013/2016.

1. Downloading the software

Visit www.mysdx.com/support and select the Download button beneath the Switch Client column.

2. Installing the software

Once the software has been downloaded, double click on the icon and select Run to install the software. Complete the installation process following the onscreen instructions.
